

Virtual Internship All-Access Program

Are you finding it challenging to secure internship opportunities for your students with local businesses or help them meet career readiness standards?

Our **Virtual Internship All-Access Program** offers extreme flexibility with a variety of career options for students to choose from. This year-long program prepares students prior to stepping into a physical workspace, and gives them the opportunity to test and try concepts in a risk-free simulated environment. And unlike a physical internship, your students will get to experience and manage all aspects of a specific industry. They'll gain valuable skills and get to uncover which areas they like most and where they'd like to focus in the future, or major in at college.

Key Benefits

- Access to 8 Virtual Internship Program options giving students flexibility to choose an option that's right for them
- A perfect year-long program that pairs nicely with many CTE pathways
- Aid students in developing the top 10 employability skills and work-based competencies that companies seek
- Gives students an outlet to reflect on their future and hone in on areas in their desired field
- Meets career readiness, preparation, and workplace essential standards
- Ability for students to participate in the Virtual Business All-Access Scholarship Challenge
- Each program includes an exciting end-of-year culminating project
- Gives teachers all the lessons, activities, tools and resources to help students find success
